DC-Digital 4" Four-digit Up-Down Counter Description

The DC-Digital up down counter has been designed to be used in any application where a real-time count must be displayed for a large audience or over a long distance indoors. Use this heavy duty display to track production, machine cycles, scrap, occupants days without an accident etc. Use it to keep score or for any other count you need to monitor.

DC-Digital DC-40C Counter Dimensions

1/2" Knockout located on each side of the back plate for installation to the DD-40 Double Hallway Mount.
