[DC-150S-W-IN](#) Description

The DC-Digital [DC-150S-W-IN](#) wireless time of day clock is designed to be used in any application where any indoor 4 digit time of day clock is needed to be seen. It can be set for 12 or 24 hour time format (default is 12 Hour). This unique design can be used in either existing buildings or new construction. The [DC-150S-W-IN](#) time of day clock comes with an all extruded aluminum enclosure with mounting brackets and (1) junction box for easy connections to power. This equipment is proudly made in the USA. This display is factory serviceable.

DC-Digital DC-150S-W-IN Mounting and Dimensions

There are (2) aluminum .125 inch x 1.5 inch x .75 inch C channel mounting rails that can be used as mounting brackets and secured to a wall or they can be removed and the (4) 5/16 x 1 inch bolts can be used.
