[DC-80C](#) Description

The DC-Digital [DC-80C](#) is designed to be used where a highly visible counter is needed. The flexibility of this unique design gives it a broad range of applications in industry, government, schools and churches. The top mounted pushbutton switches allow for convenient access without worry of environmental concerns. It can be used in either existing buildings or new construction. Long viewing distances are accomplished with its large red LED display. The all aluminum, black extra tough powder coated enclosure gives it a professional look that will hold up in many harsh environments.

DC-80C Mounting and Dimensions

There are (2) adjustable keyhole mounting tabs for easy attachment to a wall.
