## [DC-10T-UP-Foot](#)

The DC-Digital [DC-10T-UP-Foot](#) is designed to be used where a highly visible count up timer with hands free activation is needed. The [DC-10T-UP-Foot](#) utilizes the **shift digit technology** that allows the user to see hours as well as hundredths of a second. The flexibility of this unique design gives it a broad range of applications in industry, government, schools and churches. The Internal terminal blocks allow for hardwired control from 25 feet of control cabling and footswitch (N.O.). It can be used in either existing buildings or new construction. Long viewing distances are accomplished with its large red LED display. The all aluminum, black extra tough powder coated enclosure gives it a professional look that will hold up in many harsh environments.

## DC-10T-UP-Foot Mounting and Dimensions

There are (2) keyhole mounting knockouts for attachment to screws secured to a wall. Also supplied are 4 adhesive backed rubber feet that can be adhered to the enclosure bottom for table or Mount on a desk top.
