## [DC-10T-UP-Nema](#)

The DC-Digital [DC-10T-UP-Nema](#) is designed to be used where a highly visible count up timer is needed. The [DC-10T-UP-Nema](#) utilizes the **shift digit technology** that allows the user to see hours as well as hundredths of a second. The flexibility of this unique design gives it a broad range of applications in industry, government, schools and churches. It can be used in either existing buildings or new construction. Long viewing distances are accomplished with its large red LED display. The Nema 4X IP 66 rated, extra tough enclosure gives it a professional look that will hold up in many harsh environments.

# DC-10T-UP-Nema Mounting and Dimensions

There are (4) .18 inch diameter mounting holes located at each corner underneath the clear lid. To access the mounting holes first remove the lid.
