[DO-25](#) Description

The DC-Digital [DO-25](#) Double face hallway mount is designed to be used in any application where two sided viewing of either DC-25 or DC-40 Size displays is needed to be seen. The [DO-25](#) will mount directly on to an electrical 2 x 4 or 4 x 4 rough in junction box. It's cavity has ample room for making up multiple cabling connections. This unique design can be used in either existing buildings or new construction. This equipment is proudly made in the USA.

DO-25 mounting and Dimensions

There are (6) slots on the rear of the enclosure so that it can easily be hung on an electrical 4 x 4 or 2 x 4 junction box.
