Applicants:

Thank you for taking the time to fill out an application for employment at DC-Digital D.B.A Industrial Electronic Service.

Please investigate DC-Digital.com before filling out the application. We value your time as well as ours.

Current openings are:

Electronic Technician: Presently studying for this degree or have a 2- or 4-years electronics related degree.

Electronic Display Assembler (OJT): Be able to competently use small hand tools and follow specific prescribed instructions. Soldering skills are not required but a plus.

Electronic Circuit Board Parts Assembler (through hole parts stuffer, OJT): You need to have good eye to hand coordination, follow specific instructions, and you like to work with your hands.

Sales Engineer (OJT or Degree): Be able to describe and articulate electronic and mechanical applications, and visualize customer needs, and usages via emails and over the phone.

Inside Sales (OJT or Experience): Be able to communicate effectively with customers and vendors in all available communication forms (phone, email, text, IM, written, fax, other). Write proposals, follow up on projects, reach out to current clients, and new clients to expand the company's customer base.

Computer Science, Software Engineer (2-4-year degree): Recent graduate or studying to be software engineer.

Please perform the following:

- 1) Please completely fill out front and back of application; Include references names & phone numbers (Preferably work peers and or managers & supervisors)
- 2) Include a copy of your Driver's License
- 3) Include your resume if applicable
- 4) Include a list of your specialties or skill sets
- 5) Return all information, in person or mail to.
